

FROM MY HEART SCALLOPED TAG CLOSURE WEDDING CARD

A different fold brings something special to this gorgeous card.

1. Take a piece of Real Red cardstock measuring 14.9 x 21cm.
2. On each of the short sides (14.9) mark the halfway mark – 7.5cm
3. Use the Scalloped Tag Topper punch so the punch is central to those 2 marks and punch on both ends.
4. Then score the card at 10.5cm from one of the punched ends so that you create your card base.
5. Add a layer of Whisper White 14.4 x 10cm to the back panel to create the inside of the card.
6. To decorate the front use a piece of From My Heart Designer Series Paper (DSP) measuring 14.4 x 6cm.
7. I created two toppers using the Heart Punch Pack and punching out the hearts from the DSP. The top one was layered on with Dimensionals for added depth.
8. I stamped a small greeting from Itty Bitty Greetings in Real Red ink and punched out with the Classic label punch.
9. Finished off by tying the card together with a bow using the Real Red Double stitched Satin Ribbon.
